Saint Report Guidelines (Confirmation II)

Introduction

Choosing a saint is an important part of the Confirmation process. Quite often in the bible, we read that various people who received special graces were recognized by Jesus or God to be instrumental to the future of the faith, received **NEW NAMES**. Yes, a new name, which signified God's new covenant with them.

You soon will be embarking on a new covenant with God as you choose to follow Christ on your own. Though your parents had chosen your given name at birth or baptism, at Confirmation, the choice is now yours!! In becoming an adult follower of Christ, we take on a new spiritual name, that you will pick.

To decide on your new name, spend some time reading about the saints in the Church. After reading about their lives, decide which saint you would like to imitate. You can do most of your research online- there are thousands of saint websites on the web- to investigate them. If one saint intrigues you, you should read more about him/her and decide if their "name" is right for you.

When you recognize the saint you connect with, fill out the form on page 2, turn it in to your teacher/catechist (or Religious Education office), and begin to research/write your report. Remember, when you get confirmed, the Bishop will use your **new name** when he anoints you.
